TERMS AND CONDITIONS OF SALE

We are unable to ship live plants to California or Hawaii.

SHIPPING SEASON: We will begin shipping plants the first week of December or as the plants become dormant. (Plants must be dormant before we begin shipping.) We will ship through April 30th. (Note our guarantee on page 2.) These are approximate dates. Muscadines and berry plants are usually ready December 1st. Some fruit trees may not be ready until late December or early January. To save on shipping costs we prefer to ship your order once everything is available.

PLANT AGE AND SIZE: Most Fruit Trees are 3 to 4 feet tall. Muscadines, Bunch Grapes and Blueberries are 2 year old plants.

TERMS: Check, Cash, Visa, Discover, Mastercard or 30 days when proper application submitted. We accept all orders without liability to us should injury befall stock from hail, fire, severe weather or other causes beyond our control.

SHIPPING: We ship by UPS, Parcel Post, and Motor Freight. On orders of 150 plants or less it is usually most economical to use UPS. In the absence of definite instructions, we will use our best judgment. Each variety will be labeled separately. All stock will be damp-packed with wheat straw or peat moss. All vines will be shipped bare root. In extremely cold weather weeks we will ship only Monday through Wednesday. We will do everything possible to ship the plants on your requested date. However, in extreme weather when the ground is frozen, you may expect delays of several days or more. In such cases we will ship plants as soon as weather permits. We have potted muscadine plants that may be planted year round. These plants must be picked up at the nursery. Please call ahead before your visit for availability. We do not substitute varieties unless authorized by customer. We try very hard to keep all varieties true to name, but should an error occur we will replace such stock or refund purchase price upon proof, but in no case will we be liable for more than amount of invoice.

If you would like to pick up orders at the nursery of 25 plants or more, we ask for a courtesy call to give us 24 hours notice prior to your arrival, so that we will have your order ready.

PLANTING INSTRUCTIONS: Planting instructions are included with each order we ship. They are also available online at www.isons.com. If you have questions you may call our customer service line at: 770-599-6970.

UPON RECIEPT OF MERCHANDISE: If your plants arrive and you are unable to plant them immediately, store in a cool dry place where they will not freeze. Plants will keep for 3 to 4 days after receipt. It is important to ensure that the roots do not dry out. If plants are frozen upon receipt, allow them to thaw completely then plant as usual. If you cannot plant within above time frame you may keep plants alive for several weeks by the following methods:

1. Dig a shallow trench and lay plants on their side with the roots in the trench. Cover roots with moist soil. This is called “heeling in”. Make sure soil stays moist. Avoid exposing roots to frozen temperatures and never let roots dry out.
2. Use a large tub or trash can and cover roots of plants with peat moss or potting soil and keep roots damp.

Shipping Charges:
Under $16.00..............$ 8.95
$16.01 - $50.00........... 12.95
